## Education

**Vanderbilt University** Nashville, TN  
Computer Engineering, minor in Biology  
Graduating in May 2010. GPA: 3.81/4.0

## Activities

Vice President, Vanderbilt Computer Society. Vice President, Vanderbilt IEEE/ACM. Officer, Tau Beta Pi Engineering Honor Society. Team Leader, Vanderbilt Students Volunteer for Science.

## Languages

Objective-C, Java, PHP, C, Ruby, Javascript, Flash ActionScript 2.0.

## Skills

Mac OS X and iPhone application development, SQL, OpenGL, web programming, user interface design, multimedia production.

## Experience

2009 - Present

**Software Developer, VUMC Anesthesiology** Nashville, TN  
Developed an iPhone app for operating room management and perioperative informatics. Integrated the app with existing services allowing doctors to interact with personnel and stream video from operating rooms.

2008 - 2009

**iPhone Application Developer, Gotow.net** Blacksburg, VA  
Designed, developed and marketed Layers, a groundbreaking painting app for the iPhone. Layers was featured on the front page of the App Store and included in an Apple iPhone commercial. Also developed NetSketch, a vector-based collaborative drawing tool, Mathomatic, a symbolic calculator, and Doodle Chat for MEDLMobile, Inc. More than 20,000 copies sold to date.

Summer 2009

**Web Architect, Vanderbilt Student Media** Nashville, TN  
Spearheaded an effort to redesign InsideVandy.com, the Drupal-based web site of the Vanderbilt student paper. The updated website was completed in June and has increased traffic and advertising revenue.

Summer 2007

**Software Development Intern, Mailtrust** Blacksburg, VA  
Tied .NET project into CruiseControl automated build system. Created more than 200 unit tests allowing for fast, less error-prone development.
